PROFESSIONAL EXPERIENCE

WEBEVER TECHNOLOGIES   Mays Landing, NJ
Full Stack Web Developer   February 2023 - Present
- Exceptional member of the Web Development team at Webever Technologies. Contributed to the completion of more than 5 projects for clients and subsidiary companies of Webever technologies such as https://www.iitnj.edu, https://www.axelsthrowhouse.com, https://www.glammepmu.com, https://beautify.com, https://popupmarketac.com and more.
- Managed multiple projects that Webever was hired to complete. Assigned and followed up with tasks given to developers.
- Educated students in Full Stack Web Development at the Ideal Institute of Technology. Topics covered included programming fundamentals, HTML, and CSS in the beginning. Students attending class quickly moved to more difficult topics such as asynchronous programming, JavaScript frameworks and libraries, API's, backend Python, and databases.
- Developed markup for email templates; organized and implemented automation process for company emails
- Maintained relationships with clients, and tracked progress on all current projects.
- Other responsibilities included writing up site maps, MVP's, and other technical documentation for projects; clarifying MVP's/ project goals to developers and clients.
